Macquarie Telecom signs Data Centre Services Deal with Fortune 100 Customer

Macquarie Telecom (ASX: MAQ) (the Company) is pleased to announce that it has entered into a contract for the provision of data centre services to a Fortune 100 customer (“the Customer”).

The Customer has contracted for up to 2.5MW of capacity over an initial contract term of six years. The Company will invest approximately \$15 million in data centre mechanical, plant and equipment in stages over the next twenty months to expand its capacity to meet this demand.

The Customer is expected to be active (billing) in Q3 of the 2017 financial year.

About Macquarie Telecom

Macquarie Telecom is Australia’s leading integrated Managed Hosting, Cloud and Telecommunications Company. Working with and supporting some of Australia’s best-known organisations, Macquarie Telecom’s data centre based services include managed dedicated servers, managed co-location, and managed private, hybrid and public clouds. Our Australian based data centres are amongst the most secure and accredited data centres in Australia with ISO27001, PCI Compliance, ASD Gateway and ASIO Intruder Resistant accreditation. Macquarie Telecom’s offerings are underpinned by world-class customer care which is delivered from Sydney’s CBD by our fully owned and managed customer service centre, MacquarieHUB. Macquarie Telecom is best placed to help transition organisations to the new online NBN era.
